Let SOS be the next step in developing your career! SOS places qualified stock plan professionals with a range of responsibilities ranging from day-to-day operational administration to complex analysis of client needs, project management, international compliance, equity accounting, education & training, and guidance with other high-level equity compensation issues. Through our specialized qualification process we can help identify the range of your skill sets and long-term interests to develop a personalized plan that's right for you. Whether you enjoy the challenge of consulting or are looking for assistance in finding your next permanent corporate position, SOS offers the following career opportunities:

- Project Consulting
- Interim Stock Administration
- Temp-to-Perm Placement
- Direct Placement

As an SOS equity compensation consultant, you have the opportunity to work with a variety of companies in administering and managing their employee stock option, stock purchase, and restricted stock programs. The SOS Consulting/Project Solutions group can be an extension of our clients' teams by providing interim project resources, provide turn-key project delivery or develop customized technology solutions. SOS offers employees benefits, including medical, dental, vision, 401(k), and paid-time off.

SOS can also help candidates looking for a more permanent fit to find long-term placement opportunities on either a temp-to-perm or direct placement basis. SOS's ability to identify, screen, and match candidates to the right position makes us the leading professional placement firm in the industry.
