Stock & Option Solutions Hosts an SOS Educational Webcast: Evolution: Electronic Delivery – The Next Generation of Stock Plan Communications

Marianne Snook, Vanessa Harrison and Srini Kalakoti of SOS to speak alongside Stephen Buckhout of Synopsys on a webcast covering different ways to leverage technology in order to provide equity plan information to participants

Campbell, California, August 16th, 2012 - Stock & Option Solutions (SOS), a leading provider of stock plan administration, management and consulting services, today announced that Marianne Snook, Vanessa Harrison and Srini Kalakoti of SOS will speak alongside Stephen Buckhout of Synopsys in a discussion that will explain how to deliver data electronically to employees scheduled for August 30th, 2012 at 11am PDT. This webcast is a panel discussion that will share types of reports to be distributed, 6039 – 3921 and 3922 statements, they will review the 6039 regulations focusing on electronic delivery, electronic consent requirements (How to get it? Why do we get it? How long does it last?), methods of delivery, advantages of using technology for delivery, and challenges of and limitations on electronic delivery.

Marianne Snook of SOS said, “There is a lot of confusion around what needs to be distributed to participants and how the appropriate reports can be delivered. In this educational webcast we will answer the questions people are asking and the questions some people don’t know to ask.”
