**Stock & Option Solutions Hosts SOS Educational Webcast: The Spin Cycle: Don't Let Your Transaction Fade**

**Recently encountered pain points are shared with tips on how to steer clear**

**Campbell, California, February 12, 2016** - Stock & Option Solutions (SOS), a leading provider of stock plan outsourcing, temporary staffing and professional services, today announced their upcoming webcast, The Spin Cycle - Don't Let Your Transaction Fade, is scheduled for February 23, 2016 at 11am PT.

SOS's Julie Kenia and Sorrell Johnson team up to provide details on how to best approach a spin-off and what you can do to avoid time consuming mistakes. This educational webcast will point out some of the questions you should be asking before and after a spin, while sharing tips on how to identify potential equity twists and turns.

Kenia says, "When companies prepare for a spin-off, the equity treatment doesn't seem to be on the top of the issues list but ultimately ends up being one of the more complicated processes in the backroom during the spin-off. The equity team not only has an enormous amount of work to do pre-spin, but post-spin the work can be even more challenging."
