

**FOR IMMEDIATE RELEASE**

**Stock & Option Solutions Hosts SOS Educational Webcast: Proxy Project Primer: A Beginner's Guide to the Proxy and Annual Meeting Process**

**What a stock plan professional should know about the proxy process**

**Campbell, California, February 9, 2015** - Stock & Option Solutions (SOS), a leading provider of stock plan administration, management and consulting services, today announced their upcoming webcast, Proxy Project Primer: A Beginner's Guide to the Proxy and Annual Meeting Process, is scheduled for February 26, 2015 at 11am PT.

Sorrell Johnson of SOS and Madori Playford of Equinix will give an overview from a beginner's perspective of what it takes to get the proxy and annual meeting process perfected. The process as a whole can be daunting, but with this webcast the nitty gritty details of this annual task are covered.

Johnson of SOS says, "For so many of us, the proxy is just a task on our yearly list. We run reports detailing stock activity for the Board of Directors and executive officers and send it to the lawyers. Few of us really have insight into the overall annual meeting process, of which the proxy is one part. With more and more stock administrators coming from various backgrounds, it is time to pull back the curtain to reveal the whole process instead of just talking about the tables in the document."
