Stock & Option Solutions Hosts SOS Educational Webcast: Defeat Disturbing and Dastardly Disclosures!

SOS doles out disclosure clues and pointers

Campbell, California, November 19, 2015 - Stock & Option Solutions (SOS), a leading provider of stock plan outsourcing, temporary staffing and professional services, today announced their upcoming webcast, Defeat Disturbing and Dastardly Disclosures, is scheduled for December 8, 2015 at 11am PT.

SOS's Elizabeth Dodge is joined by Kevin Hassan of PwC to uncover some of the most essential details that you should pay close attention to when preparing your annual disclosures. This educational webcast will point out common errors and share tips on how to calculate additional disclosures your systems may not provide.

Dodge says, "We get a lot of questions about disclosures every year. Many companies misread the standard and try to disclose data points that are not required, so their system doesn't perform the calculation. Others need to audit the reports on the data points their systems do provide. We'll be attempting to answer all those questions, and more, during this webcast."
