

Service Offering: What is it?

Whether your ESPP is a basic 6 month offering/6 month purchase plan, or something more exotic, you are probably handling some or all of the accounting manually. ESPP Expensing Edge from SOS serves as a complement to your equity system; you exchange the spreadsheets for a solution managed entirely by our equity accounting experts, utilizing an application custom developed to make ESPP expensing easy.

Process: What do I need to do?

Contact a member from the SOS sales team. From there, the process is simple...

Features: What do you get?

A lead accounting manager, who will serve as your dedicated point of contact.

Thorough implementation process, which ensures we understand your ESPP plan design and nuances, and have access to the necessary data to get the job done.

Complete audit of results, providing you with additional assurance that nothing was missed.

Easy to use reports.

Documentation/white paper explaining the process we use to generate your expense.

A better way to manage ESPP accounting, utilizing our custom developed ESPP Expensing Edge application. Throw away the spreadsheets, and let our expertise and technology take care of it for you.
